

Is Home Care For Me?

Does it apply to me?

If you ...

Are elderly

Are disabled or ill

Are finding it difficult to look after yourself

Then get in touch with us, we will then arrange for a supervisor to come to your home to talk to you about your needs. This is called an assessment.

How Much Does it Cost?

When we have made an assessment of your needs we will inform you of the cost of our service.

You will be surprised how reasonable our charges are compared to residential care.

Important: We want you to remain independent in your own home. Read this information then get in touch with our Care Management team on **0800 634 0845** (it's free), who will talk to you about your requirements

You Are In Charge We're On "Your" Schedule

Manx Home Care will not dictate to you what your schedule is to be (i.e. what time to get up, when to bathe, meal schedules etc.). It is our job to adjust to your schedule and to see that you remain comfortable in your own home.

Our clients are from all walks of life and ages to whom we offer the same standard of care and attention to their needs. We recruit carers who are experienced in attending to the needs of care recipients.

We will only refer a carer to you who has the necessary experience to fulfill your individual needs. Most importantly, all of our carers provide references to us from sources we can trust (other homecare agencies, hospitals, nursing facilities, churches, hospices, assisted living communities etc.) All our carers are IDM police checked to birth.

Also we emphasise the intangible traits of the carer (such as a caring personality) which will mean so much to your day-to-day well being.

We begin by reviewing your needs through discussions with you and when appropriate involved family members.

Where necessary we consult with your physician(s) social workers, hospital or nursing home staff.

Next, working in conjunction with you and your family, we develop an individualised program to manage your daily needs. We match your needs to the best possible carer, bring the carer to your home and ask you to participate in the selection process. After the carer has been placed in your home we continue our unique system of continued personalised contact through telephone check-in and home visits.

- * Hygiene Assistance
- * Meal preparation/Diet monitoring
- * Light housekeeping
- * Errands and Shopping
- * Joyful companionship
- * Live in, Live- out, Sleep-over
- * Mornings, mid-day, evenings
